About Me

I am a UI/UX Designer with 1.5+ years of professional experience and contributions to 15+ projects across web and mobile applications. I enjoy transforming ideas into meaningful, visually appealing digital experiences by combining my Computer Science background, passion for drawing and illustration, and a continuous curiosity for exploring new design approaches.
My experience in competitive debating has also strengthened my communication and critical thinking skills.

Education

•University of Asia Pacific — January 2022 - December 2025
